

Type: Floor Polish & Maintenance Product	Application: Mop & Bucket — No Specialist Equipment Required	Dilution: 1:10 with Water Available: 5 kg, 25 kg, 1000 kg
---	---	--

GEARTH FloorGlow is an environmentally friendly and biodegradable floor maintenance and polishing product, specially formulated from the finest ingredient waxes, polymers and resins. It delivers a high-gloss protective film on floor surfaces, and can be applied simply with a mop and bucket — no specialised machinery is required.

GEARTH FloorGlow imparts a superior gloss finish that protects floor tiles from scuffing and reduces slip hazards. The wear life of certain floor finishes can be easily doubled through regular application, significantly extending the value of floor polish treatments and reducing the frequency of full strip-and-repolish cycles.

1

KEY FEATURES & BENEFITS

- Delivers a great gloss quality protective film on floor surfaces
- Protects floor tiles from scuffing and surface damage
- Reduces slip hazards — protective film aids traction
- Can double the wear life of certain floor polish finishes with regular application
- Enhances and maintains floor appearance between full polish cycles
- Simple mop and bucket application — no specialist equipment required
- Can be supplemented with mechanical burnishing for enhanced shine
- Environmentally friendly and biodegradable formulation
- EcoChoice Approved

2

APPLICATIONS & COMPATIBLE FLOOR TYPES

Plastic Finishes	PVC and PVA resin flooring — both tiles and roll-out section floors
Masonic Floors	Suitable for masonic and similar composition flooring
Stone Floors	Stone floor surfaces including selected natural stone finishes
Wooden Floors	Parquet flooring and similar wooden floor surfaces
Terracotta	Certain terracotta finishes

GEARTH FloorGlow can be applied with equal confidence in supermarkets, commercial kitchens, hostels, hospitals, residential homes and hotels.

3

DIRECTIONS FOR USE

- **Step 1 — Prepare the floor:** Ensure the floor is thoroughly cleaned and rinsed before application. Inadequate cleaning can cause the polish to curdle rather than coalesce correctly.
- **Step 2 — Dilute:** Dilute GEARTH FloorGlow 1:10 with clean water before application.
- **Step 3 — Apply:** Apply the diluted solution evenly using a standard floor mop and bucket.
- **Step 4 — Buff (optional):** For enhanced shine, buff the treated floor with a mechanical burnisher.
- **Step 5 — Periodic Strip & Reapply:** After approximately 20 applications, strip accumulated polish with a suitable floor stripper, rinse thoroughly, and re-apply.

4	TECHNICAL SPECIFICATIONS	
Physical State	Liquid	
Appearance	Milky white	
Specific Gravity	0.97 – 1.01 kg/cm	
pH Value	Not Specified	
Solubility	Dispersable	
Odour	Slight wood glue-like odour	
Solids Content	As stated on product label	
Formulation Type	Special blend of quality waxes, polymers and resins; environmentally friendly and biodegradable	
Application Method	Mop and bucket — no specialised machinery required; compatible with mechanical burnishing	
Dilution	1:10 with clean water	
Reapplication Cycle	Strip and reapply after approximately 20 applications	
Environmental Status	Environmentally friendly and biodegradable; EcoChoice Approved	
5	STORAGE & SHELF LIFE	
Shelf Life	Up to 12 months in original packaging.	
Storage Conditions	Store under ambient conditions between 10°C and 38°C, away from direct sunlight. Keep container sealed when not in use.	
6	PACKAGING	
5 kg	Standard container	
25 kg	Standard container	
1 000 kg	Flow bin / IBC	
7	ENVIRONMENTAL INFORMATION	
• Environmentally friendly and biodegradable formulation. • Extends the wear life of floor polish treatments — reduces the frequency and environmental impact of full strip-and-repolish cycles. • Simple mop and bucket application reduces energy consumption compared to machinery-dependent polish systems. • EcoChoice Approved.
