

Type: Probiotic Shower Gel & Hand Wash	Grade: Cosmetic Grade Moisturising All Skin Types	Approvals: EcoChoice Approved
---	--	--------------------------------------

1 PRODUCT DESCRIPTION

GEARTH PureBody is a luxurious, moisturising, cosmetic-grade shower gel and hand wash formulated with the active power of probiotics. It forms a long-lasting protective barrier against germs, pathogens and odours that continues to work long after application.

Traditional disinfectant shower gels and hand washes generally stop protecting shortly after application. The probiotics in GEARTH PureBody activate immediately on contact and continue to work — creating an invisible, long-lasting protective barrier that defends against germs well beyond the wash itself. The product is intelligently formulated to control mould and mildew, while actively benefitting septic, plumbing, reed bed, sewer, greywater and water recycling systems with every use.

2 HAND HYGIENE & PUBLIC HEALTH

CDC Recommendation: The Centers for Disease Control (CDC) recommends regular hand washing with soap and water for at least 20 seconds to prevent the spread of COVID-19. GEARTH PureBody is designed to support this hand hygiene protocol while providing the added benefit of continuous probiotic protection between washes.

3 WORKPLACE PRODUCTIVITY BENEFITS

Studies show that people now share more common surfaces with each other than at any point in history. Enclosed workplace environments carry exponentially higher risks for the spread of germs. Poor workplace hygiene leads to increased illness, which in turn results in disruption costs, lost productivity and reduced employee efficiency.

Better hygiene standards are the smartest and most cost-effective means of infection control in the workplace — minimising wasted time and resources, and saving organisations money throughout the year. GEARTH PureBody supports this objective with continuous probiotic protection that does not stop the moment hands are dried.

4 KEY FEATURES & BENEFITS

- Forms a long-lasting protective barrier against germs and pathogens
- Probiotics activate immediately on contact and keep working long after application
- Efficacy improves with increased and consistent use
- Lasting odour control
- Sophisticated, pleasant fragrance
- Continues to work long after conventional disinfectants stop
- Reduces employee absenteeism in workplace environments
- Improves workplace productivity and infection control outcomes
- Skin moisturising formula — gentle on hands and skin
- Cosmetic-grade components throughout
- Mild formulation — suitable for all skin types
- Controls mould and mildew
- Actively benefits septic, plumbing, greywater, reed bed, sewer and water recycling systems with every use

Type: Probiotic Shower Gel & Hand Wash	Grade: Cosmetic Grade Moisturising All Skin Types	Approvals: EcoChoice Approved

- EcoChoice Approved

5 APPLICATIONS

GEARTH PureBody is suitable for both shower gel and hand wash use across a wide range of settings, including: corporate offices and commercial workplaces; mines and industrial facilities; hospitality and accommodation environments; food processing facilities; healthcare and institutional settings; and domestic and residential use. It is particularly well-suited to high-traffic environments and facilities connected to septic, reed bed, greywater or water recycling infrastructure.

6 DIRECTIONS FOR USE

- Step 1 — Apply:** Apply GEARTH PureBody to a sponge, cloth or directly to the skin.
- Step 2 — Lather:** Lather the gel to form a rich, white foam.
- Step 3 — Wash:** Gently wash the skin thoroughly, following CDC guidance of at least 20 seconds for effective hand hygiene.
- Step 4 — Rinse:** Rinse well with clean water.
- Step 5 — Dry:** Dry the skin with a clean towel.
- Precaution:** Do not apply GEARTH PureBody to open wounds. For external use only.

7 TECHNICAL SPECIFICATIONS

Physical State	Gel
Appearance	Not Specified
Specific Gravity	Not Specified
pH	Not Specified
Solubility	Water soluble — lathers to form rich white foam
Odour	Sophisticated, pleasant fragrance
Flash Point	Not Specified
Boiling Point	Not Specified
Formulation Type	Probiotic, moisturising, cosmetic-grade shower gel / hand wash
Active Mechanism	Probiotic microbes form an invisible, long-lasting protective barrier on the skin against germs and pathogens
Grade	Cosmetic grade — all components

Type: Probiotic Shower Gel & Hand Wash	Grade: Cosmetic Grade Moisturising All Skin Types	Approvals: EcoChoice Approved
---	--	--------------------------------------

Skin Compatibility	Mild formulation suitable for all skin types
Skin Care Properties	Moisturising formula
Onset of Action	Probiotics activate immediately upon application
Duration of Protection	Long-lasting — continues to protect long after disinfectants would stop working
Efficacy Profile	Improves with increased and consistent use
Microbial Control	Active against germs, pathogens, mould and mildew
Wastewater Benefit	Actively benefits septic, plumbing, reed bed, sewer, greywater and water recycling systems
Use Restrictions	External use only. Do not apply to open wounds.

8

STORAGE & SHELF LIFE

Shelf Life	Not Specified — contact GEARTH (Pty) Ltd for confirmation.
Storage Conditions	Store at ambient temperature, away from direct sunlight. Keep container sealed when not in use.

9

PACKAGING

Packaging	Packaging sizes not specified in source documentation. Contact GEARTH (Pty) Ltd for available pack sizes, dispenser options and bulk supply.
